

# 5 STEPS TO BUILD AN AGE-FRIENDLY COMMUNITY

1

## KICK THINGS OFF

- Decide your scope & location
- Set up a steering group
- Arrange funding
- Get council support
- Identify your stakeholders
- Identify cultural representatives
- Identify who currently works with older people

2

## ASSESS HOW AGE-FRIENDLY YOUR COMMUNITY IS

- Consider what's working well
- Identify any gaps
- Think about the best ways to get feedback (survey, focus groups, a forum)

3

## BUILD YOUR ACTION PLAN

- Identify and prioritise the changes needed
- Create a timeline
- Identify funding
- Identify who will lead the work
- Consult with stakeholders
- Check the plan is feasible

4

## IMPLEMENTATION

- Set up project teams
- Develop a business case
- Identify decision-makers and stakeholders

5

## TRACK PROGRESS AND MEASURE SUCCESS

- Develop specific success measures
- Monitor and report on progress
- Evaluate whether the project delivered the promised benefits once completed
