

A place to call home

► We need to prepare for an ageing population.

Currently 70% of people aged 65+ own their own home. But home ownership rates are dropping, and this will mean more demand for affordable rentals.

 Office for Seniors
Te Tari Kaumātua

New Zealand Government

Administered by the Ministry of Social Development

The next generation of seniors will be less likely to own their own home

Home ownership for people aged 45-54

► **Where will you live as you get older? Who with?**
Will you 'downsize' to a smaller home?

Have your say

Between 29 June and 24 August we're asking New Zealanders of all ages what they want for the future. Have your say. Find out about community workshops near you – or set up one of your own.
